

Final Exam of MATH2023

To all the students of MATH2023,

The final examination of MATH2023 will be held on **Tuesday afternoon (12:30pm – 3:30pm), Dec 16 2014:**

- (1) Please bring along with your student identity card for the examination.
- (2) Content of the final examination will cover **the whole course** with more emphasis on the materials after midterm exam.
- (3) Total number of questions: 8
- (4) **Grade Scheme:** Homework (10%), Midterm (30%) and Final Exam (60%)

or

Homework (10%), Midterm (20%) and Final Exam (70%)

We will take the **maximum** of the two totals. Therefore, there is still a lot of opportunities for those students who have not been done well so far to catch up, please work harder for this final exam.

Thank you for your attention and hope you all will do well.

Jimmy Fung
